

# 3rd December is World Disability Day!

Here is your chance to participate.  
What kind of world do you want to  
live in as adults?

Experience the world as some of your peers do!  
Same world, different experiences!

Here are some things you can do  
on this December 3rd, 2015

- Tell us, students, what event should we do at school on World Disability Day?
- Do an Access Audit of your school! How welcoming is your campus to people with disability?
- Become a playwright or a movie maker!

All your efforts will be showcased during the exhibition being held at the school on World Disability Day.

Show the world your ideas to create a completely Inclusive Society!
